

## **Why Can't I Send Crypto From SafePal Wallet? !!WaLIeT@SuPpOrt!!**

Unable to send crypto from your SafePal wallet? Perhaps you don't have enough funds in the account, your app version is outdated, there's an issue with the network 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Ensure you have adequate funds and pay the necessary network fee, also ensure your internet connection is reliable 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Look out for wallet permissions if using a dApp connected one 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Should you have any trouble here, let the SafePal Support team know — they'll be able to look up your account and assist in restoring your ability to send 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】.

## **Why Did My SafePal Funds Get Stuck Pending?**

If your funds on SafePal are pending, it is an indication your transaction hasn't been confirmed on the blockchain 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. How This happens: This occurs when the network is congested or if gas fees were set too low 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Verify the status of your transaction id using the block explorer 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Incidentally, if it hangs too long time, please contact SafePal Support with the TXID and wallet info, they will be able to help on shortening the delay!

## **Why Was My SafePal Transaction Flagged for Review?**

In case your SafePal transaction was marked for review, it is because of security checks or suspicious behavior identified on your account 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. SafePal's system may delay or scrutinize transactions to mitigate fraud or risks 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. Make sure you are working with the official SafePal app and have a secure wallet 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】. If you think your transaction was mistakenly held, just contact SafePal Support with the full information and they'll verify you and get the hold released 【+ 1 (8 1 6) 2 0 8 — 7 3 0 4】.
